ELEVATE YOUR EXPERIENCE

---

IN-HOUSE:

EDP / Room Spray is the best and easiest way to elevate your Brand and the customer's experience in your home. It is also the easiest way to deliver scent to them, and to be able to control the output. Remember your Signature Scent is unique to your Home - there is nothing else like it in the world. Have your guests fall in love with this scent, and they will always be reminded of their time with you.

Your EDP / Room Spray is best kept with your housekeeper or in a locked cupboard and used between stays. See our 'How to Scent Guide'.

100ml      \$110

IN-HOUSE:

Our soy-wax Candles are made referencing your Signature scent. Flickering candlelight will provide a visual element to their experience allowing movement in any imagery taken. Scent can be carried from day to night. Rewild Co Candles are beautifully presented in a clear glass vessel with a black lid adding a touch of luxury to your space. We provide lighting and safety instructions with all candles and like most candles, recommend lighting them for no more 3 hours at a time.

IN-HOUSE:

It is the small touches and our Cleanse Bars are just the most special sort. Your signature scent will be altered to take the main 4-6 notes and deliver this through Soaps for your guests to use. To add to their experience and reinforce your signature scent. If you have hand-washing facilities, we understand that you may not wish to use an entire 100g Bar for your customers, so we have pint-size ones just for you for this purpose. (pint-size Bars are not for re-sale, in-house use only).

Full-size Bars are wrapped in Artisan paper made from Mango Tree, Mulberry Bark, and other botanical sources.
