Labelling suggestions

Required either on the bottle or (in/on) the box of the product.

- *Type of product* (e.g. Eau de Parfum)
- *Size/Amount* (e.g. 30ml)
- *A batch date/or used by date* (I list the month & year of production e.g. Sep 2022)
- *Where your company resides*
- *The ingredients* (I always put the key notes to assist the customer in making a decision, but any signature scent can be labelled as 'fragrance due to the sensitive IP nature of the exact recipe'. The term 'fragrance' does not dictate that the scent is natural or synthetic, it is just the relevant term)
- *Please add ... made by Rewild Co Perfumery, Limestone Coast, SA*
- *Disclaimer "This product is for external use only. If irritation occurs, discontinue use"*
- *Usage instructions* (see following page)

We do not hold any accountability for incorrect labelling.

Please consult with Australian Consumer Law (legal labelling requirements) before labelling your products.

Usage instructions

CLEANSE BARS:

For external use only. If irritation occurs, discontinue use.

Store below 25C. Cut a small piece off + keep the rest wrapped up for the longevity of it's scent.

EAU DE PARFUM:

For external use only. If irritation occurs, discontinue use.

Store in a cool area. Spray on skin, hair + home.

OIL BURNER RITUAL:

For oil burner only - never for skin/body application.

Store in a cool area. Add 10 - 20 drops to hot water for immediate dispersal of scent.

BATH SOAK:

For external use only. If irritation occurs, discontinue use.

Add 2T to running warm water.

CANDLE:

Not required on the packaging, as usage instructions accompany each candle.
