Rewild Co Perfumery

- for Brands/Shopkeepers

CURRENT 1ST JAN 2023

We value the art of slow and traditional perfumery.

Rewild Co products are all made onsite here in our Perfumery Studio. The pure oil ingredients used are the most premium in construct and are cruelty-free, animal free (yes unfortunately this still happens), ethically grown or wild-harvested. I also believe in using glass vessels as opposed to plastic ones. Scents are made in small batches and Signature scents are made to order.

We provide you with full access to our image library, scent descriptions and are always working hard behind the scenes to elevate our brand and to share with our community how beautiful slow perfumery is.
